CAPABILITY STATEMENT

Laura Verbeek

Data & Workflow Coordinator/Systems Support
Commodity Risk Management

CONTACT DETAILS

PO Box 2190
Bendigo DC VIC 3554

Laura is an experienced contracts & freight administrator and systems support for Pinion Advisory.

Laura began her role in Contracts & Freight Administration in August 2019. Since then, her position has evolved significantly, becoming the driving force behind the development and optimisation of the systems and processes that support complex data management at GeoCommodities (now Pinion Advisory).

Prior to her current role, Laura specialised in organising grower stock out-turn, maintaining accurate stocks, road/rail movements and all customer service enquiries, as an inventory administrator/analyst with GrainCorp.

Areas of expertise

- Administration management
- Contracts & freight administration
- Systems & processes
- Complex data/workflow management
- Grower stock out-turn

Professional experience

- Pinion Advisory – Systems Support, April 2025–current
- GeoCommodities – Administration/Systems Manager, 2019–2025
