84 Lemon Avenue
Mildura VIC 3500

QUALIFICATIONS

- Bachelor of Agricultural Science

PROFESSIONAL ASSOCIATIONS

- Australian Plant Society

Stephen is a senior consultant in the environmental section in Pinion Advisory for 16 years, with over 40 years' experience in ecology, erosion control and land management planning in south-eastern Australia. He commenced in the Mallee in 1983 with the relevant Government agency.

As a consultant, Stephen has conducted a wide range of assessments in western New South Wales, the Riverland of South Australia and north west Victoria. He has compiled management plans for parcels of public land or issue-based plans, such as pest management. In the field of development, he has done many environmental site assessments for large public and private infrastructure projects and managed the approval process for a wide range of developments. His public clients include the Mallee Catchment Management Authority, Parks Victoria, NSW Office of Environment and Heritage, Western Local Land Services, Wentworth Shire Council and Mildura Rural City Council.

Areas of expertise

- Flora and habitat assessment
- Environmental approvals
- Land management in a semi-arid environment
- Natural resource management
- Strategic planning and quality assurance
- Land capability studies

Recent professional experience

- Pinion Advisory (Sunraysia Environmental) - Senior Environmental Consultant, 2004-present
- Mallee CMA - Program Manager & Manager Land Resources, 1998-2003
- Mallee CMA - Acting CEO, 2000-2001
- Department of Natural Resources (Victorian Mallee) - Catchment Coordinator, 1994-1998

CAPABILITY STATEMENT
