Dowsing Point TAS 7010

QUALIFICATIONS

- B Science (Environmental Science)
- M Science (Environmental Technology & Management)
- Certified Environmental Practitioner (No. 1665)

PROFESSIONAL ASSOCIATIONS

- Environment Institute of Australia and New Zealand

Cameron has worked as a consultant in various scientific, field based and research roles. He has extensive experience in environmental impact assessment, approvals, recycled water management, terrestrial fauna surveys and project management.

He has provided independent advice to a range of clients in the mining, infrastructure, agricultural, water and waste management sectors in Tasmania and Western Australia.

Cameron has recently been involved in effluent reuse studies, groundwater monitoring and impact assessments for various quarry and abattoir projects.

Areas of expertise

- Environmental impact assessment
- Environmental monitoring and compliance reporting
- Effluent reuse feasibility studies
- Regulatory approvals
- Recycled water and waste management
- Terrestrial ecology (fauna)
- Mining and infrastructure
- Project management

Professional experience

- Pinion Advisory (Macquarie Franklin) - Senior Consultant – Sustainable Management Solutions, 2019–present
- COVA Consulting and North Barker Ecosystem Services - Senior Environmental Scientist/Ecologist (sub-consultant), 2018–2019
- Bamford Consulting Ecologists and Western Wildlife - Senior Scientist (sub-consultant), 2007–2019
- UNEP Environmental Technology Centre, Murdoch University - Research Officer, 2007–2009
- AECOM Australia Pty Ltd (formerly URS Australia) - Consultant Environmental Scientist, 2004–2007

CAPABILITY STATEMENT

Relevant projects

PROJECT	ROLE	CLIENT	YEAR/S DELIVERED
Meander Shale Quarry – expansion project	Coordinate and prepare EPA and planning approvals	Meander Shale Quarry	2021-2022
Flinders Island Abattoir	Prepare wastewater management plan and council approvals	Topayla Investments	2021-2022
Effluent feasibility studies and options assessment	Coordinate and prepare effluent irrigation feasibility studies	TasWater	2021-2022
Arm End class A recycled water scheme	Development of class A recycled water quality management plan	Mary Ann’s Island	2021
Statewide groundwater monitoring – impact of recycled water irrigation	Analyse data and prepare annual groundwater monitoring reports	TasWater	2020-ongoing
Whale Point Salmon Nursery - groundwater monitoring	Conduct quarterly groundwater sampling and reporting	Huon Aquaculture	2019-ongoing
Stowport Abattoir - expansion project	Coordinate and prepare EPA approvals	Stowport Abattoir	2019-2021
Dunedin compost facility – EPA approvals	Coordinate and prepare EIA reporting	Conhur P/L	2019-2020
Stowport Abattoir	Prepare wastewater irrigation and paunch management plan	Stowport Abattoir	2020
Brighton, Clarence and Penna Recycled Water Schemes	Annual soil monitoring, compliance audits and reporting	TasWater	2019-ongoing
Bunbury to Capel 132kV transmission line (WA)	Targeted ecological assessment and reporting	Western Power	2019
Camden Dam Project	Targeted Tasmanian devil and quoll den surveys	Tasmanian Irrigation	2018
Various state road projects	Threatened ecological community surveys	Dept of State Growth	2018
Perth International Airport Estate – 3rd Runway Project (WA)	Assessment of Matters of National Environmental Significance (MNES) reporting	Perth Airport Corporation	2017
Southdown Magnetite Project (WA)	Assessment of MNES reporting and native vegetation offsets.	Grange Resources	2016
Various pivot irrigation projects - Pardoo Station and Wallal Station (WA)	Targeted ecological assessments and reporting	Pardoo Beef, Warrawagine Cattle Co.	2016
