## Sarah Jones

### Team Leader Sustainable Management Solutions

#### CONTACT DETAILS

0409 215 952  
[sjones@pinionadvisory.com](mailto:sjones@pinionadvisory.com)

Tech 4, Unit 2  
30-38 Innovation Drive  
Dowsing Point TAS 7010

#### QUALIFICATIONS

- Master of Environmental Management
- Bachelor of Applied Science
- Advanced Diploma Environmental Health

#### PROFESSIONAL ASSOCIATIONS

- Member Australian Water Association

#### COMMITTEES OR BOARDS

- Australian Water Association (AWA) Tas Branch committee member

Sarah joined the business in 2016, having spent 14 years gathering knowledge and experience in water utilities and local government.

Sarah's current role is focused on management and beneficial use of recycled water, biosolids and other organic waste products. Assisting waste producers to link with agriculture, obtain regulatory approvals and maintain compliance are core activities.

Sarah is an experienced project manager and uses her well-developed communication and technical skills to build lasting relationships with clients. She has an extensive network in the water industry and enjoys working with clients to develop practical, beneficial solutions for complex problems.

#### Areas of expertise

- Project management
- Project scoping and troubleshooting
- Regulatory liaison
- Feasibility studies
- Management plans
- Technical advice
- Recycled water & waste product management
- Environmental approvals
- Environmental monitoring & reporting
