84 Lemon Ave
Mildura VIC 3500

QUALIFICATIONS

- Bachelor App Science (Natural Resources Management)
- Accredited native vegetation assessor, Victoria
- Accredited Native Vegetation Credit Register assessor, Victoria
- Accredited Biodiversity Assessment Method assessor, NSW. (BAAS18175)
- Native Vegetation Council, Accredited Consultant, South Australia

Troy has more than 25 years of professional experience in planning, managing and implementing projects and programs across a range of natural resource management disciplines, including native vegetation assessment, pest plant and animal management and wetland and river rehabilitation.

Troy has led a wide range of projects in north west Victoria and south west NSW. He has undertaken environmental and ecological site assessments and managed the approvals process for a range of public and private infrastructure projects. He has prepared environmental management plans and been involved in the planning and implementation of environmental monitoring programs. He is also an accredited native vegetation assessor in Victoria, NSW and South Australia.

Troy's experience has led to a thorough knowledge of a range of natural resource management issues.
