QUALIFICATIONS

- Bachelor Business (HRM)
- Prince2 Project Management

Fletcher has completed a Bachelor of Business, majoring in Human Resource Management, at the University of Tasmania.

In his previous role with John Holland, Fletcher engaged and supported business owners that were heavily impacted by rail construction in Melbourne's CBD. In this role he developed many specific skills relating to business engagement and stakeholder management, small business, problem solving and negotiation in a construction context.

Since beginning with Pinion Advisory in September 2020, Fletcher has worked as a scheme operator on the Clyde River Irrigation Scheme and supported the Water Resources and Environmental Sustainability Teams on various projects in the office and in the field.

Areas of expertise

- Stakeholder engagement/business engagement
- Problem solving and negotiation
- Small business
- Building strong relationships
- Conflict resolution

Professional experience

- Pinion Advisory – Consultant – Water Resources, 2021-present
- Pinion Advisory - Technical Officer, September 2020-2021
- John Holland Pty Ltd - Business Engagement and Support Advisor, 2017-2019
