COMMITTEES OR BOARDS

- Director, Pinion Advisory

Patrick is General Manager of Farm Business Services and is responsible for ensuring that our services create value at the farm gate. He has strong technical skills in broadacre agronomy and grain production and works with clients across South Australia to improve the profitability of their cropping enterprise.

Patrick brings a whole of business approach to consulting and enjoys working with farming families through an advisory board process to address challenges including succession, growth, and managing people.

As well as individual client work, Patrick has led and been involved in numerous industry research and extension projects in areas such as precision agriculture, greenhouse emissions, and farm profitability.

Patrick is passionate about the rural community and helping rural businesses to succeed.

Areas of expertise

- Technical agronomy service delivery
- Farm business management
- Business planning
- Benchmarking
- Process facilitation with clients
- Extension of project results
- Advisory board delivery
- Mentoring and development of capacity

Professional experience

- Pinion Advisory (Rural Directions Pty Ltd) – Agribusiness Consultant, General Manager – Farm Business Services, 2004-present
