QUALIFICATIONS

- Diploma of Management
- Professional Management Program – Uni of Adelaide
- Certificate of Accreditation – Standard Mental Health First Aid
- Diploma in Metrology

As General Manager Business Operations, Brenton plays an integral role within the leadership of Pinion Advisory. His broad experience with former employers enables him to oversee the implementation of strategic plans, delivery of business administration support and execution of client contract and other legal documentation. Brenton is also responsible for the management of the company's information technology and operations/support systems, fleet and general assets, as well as a guest participant at Pinion Advisory Board meetings.

Past responsibility for operating budget, HR functions, WHS and previously representing Rural Directions on the Mid North Regional Leaders Group has given Brenton well rounded experience as a General Manager.

Areas of expertise

- Information technology
- Systems integration
- Quality & environmental systems
- Asset management
- Contract review and documentation
- Fleet management
