

CAPABILITY STATEMENT

Lachlan Mason

Graduate Engineer Water & Environment

CONTACT DETAILS

0499 326 548

Unit 2, Tech 4
30-38 Innovation Drive
Dowsing Point
Tasmania 7010

QUALIFICATIONS

- Bachelor of Engineering (Civil)(Hons)
- Bachelor of Computer Science

PROFESSIONAL ASSOCIATIONS

- MIEAust
- Australasian Wind Engineering Society Member

Lachlan graduated both a Bachelor of Computer Science and a Bachelor of Civil Engineering in 2021, achieving first-class honours in the latter after completing a design thesis, which focused on standard Australian wind loading design processes.

He is now working as a member of the Hobart-based Water & environment Team at Pinion Advisory, applying his degree to a variety of technical methods. This includes flood modelling, pipeline design, pump station design, and levee and dam design.

Areas of expertise

- Water resources engineering
- Hydraulic modelling
- Flood and dam break modelling
- Engineering design
- Civil engineering
- Wind loading design
- Programming

Professional experience

- Pinion Advisory – Graduate Engineer – Water & Environment, 2021-present
