Natasha has an agribusiness consulting background with a management focus (people, business and project management).

Natasha is a capable and experienced project manager, with well-developed relationship management and communication skills. She has experience leading, managing and delivering large scale extension, adoption and capacity building projects for the grains, red meat and wool industries at a local and national level.

Natasha has experience working directly with clients from broadacre and mixed farming businesses by providing support to enhance business and people management systems. She also has broad experience in education, developing and delivering training programs, being passionate about supporting the development of her clients.

Natasha is passionate about regional Australia and enjoys working with farmers, industry and stakeholders to deliver valued outcomes.
