

PRICES DIRECT™

Best daily cash price delivered to you in an easy-to-read SMS

BENEFITS

- Truly independent grain marketing information
- Takes away the difficulty of keeping up with numerous individual text messages by receiving collated prices from multiple buyers
- Timely snapshots of the best daily cash price for a selected port zone, including delivered end user and buyers call bids
- Includes a range of commodities and buyers

If you are seeking a truly independent source of information, Prices Direct™ will provide you with daily text messages with the best cash prices for grain in your area.

Prices Direct is built on timely, independent and easily accessible grain pricing information to assist you in making sound grain marketing decisions. The information you receive is compiled daily by our grain marketing team, who are committed to providing a thoroughly researched and unbiased grain marketing service.

“It gives me the big picture for grain prices and makes marketing my own grain easy. It is cost effective and very important for my business. I wouldn’t be without it.”
Annette Lambert, Meringur Vic

FEATURES

- Independently compiled information
- Daily text messages sent mid afternoon every week day of the year so you are aware of prices irrespective of where you are
 - One with port pricing for a range of commodities for your selected port zone
 - A second with delivered end user and buyers call bids for a range of commodities
 - Tailored to Outer Harbour, Yorke Peninsula and Eyre Peninsula regions
- Highest price bid delivered in a timely manner for multiple buyers across South Australia and Victoria
- Includes both published and unpublished price bids
 - In most cases, grain buyers are identified on the text message
 - Buyers do sometimes offer a 'special' price, but ask not to be identified. These prices are shown without a buyer code. Contact the Pinion Advisory office for more information when this happens
- Port pricing tailored to your region (Outer Harbour, Wallaroo, Port Giles, Port Lincoln, Thevenard, Melbourne, Portland, Geelong and Lucky Bay)
- Access site pricing sheets at harvest, covering the SA EP zone, SA northern zone, and SA-Vic border areas, don't miss a premium price at a site
- Includes old season prices and new season prices
- Simple, easily identifiable codes used within text messages to gain maximum information
- Ability to select further port zones or have another business member receive the SMS at a discounted rate

PRICES

Prices Direct is available as a 12 month subscription, as a stand-alone service at a price of \$645 for one mobile.

Example: If, in one day, our Prices Direct provides you with the knowledge of a price that is \$6/t higher than any price you were previously aware of, then for every 100t of grain that you sell you will receive an extra \$600! In this situation, one transaction has paid for the service.

Prices Direct can also be packaged with our other subscription services. Examples include:

- Prices Direct + Market Directions™ (email) \$920
- Prices Direct + InCrop® Agronomy Portal \$825
- Prices Direct + InCrop Agronomy Portal + Market Directions (email) \$1,310

You can package the above services and develop a combination of services to best suit your business needs.

All prices are GST inclusive. *Note: Pinion Advisory receives no commissions from buyers.*

WHY WORK WITH PINION ADVISORY?

As a truly independent service provider, we can provide you with unbiased price information. We are constantly talking to buyers, and are able to keep in touch with price movements and fluctuations. This means that Prices Direct is based on the best available information. Why not tap into this knowledge and save your valuable time for decision making, rather than spending hours searching for different prices?
