

Ross Bugg

Senior Consultant

CONTACT DETAILS

0400 914 473

rbugg@pinionadvisory.com

Level 1, 25 York St
Launceston TAS 7250

QUALIFICATIONS

- Bachelor of Geomatics (UTAS) 2009

Ross joined Pinion Advisory in 2022 as a senior consultant working in the Water Resources team. Prior to this, Ross worked in a variety of engineering, property and regulatory roles focused on his training as a surveyor.

Ross worked for Natural Resources and Environment Tasmania (NRE) as geodetic surveyor for 3 years directly before moving to Pinion.

Working in the same location as the Water team in NRE, he became aware of the value of sustainable water management to the future of Tasmanian agriculture.

Ross has skills in topographic mapping, analysis of data, compilation of location information, and managing projects while communicating effectively and openly.

Ross is passionate about working directly with clients, to obtain a best outcome for them. He has a strong ability to think critically and pursue an idea while being aware of competing demands of cost and efficiency.

Areas of expertise

- Topographic data collection and management
- Irrigation dam modelling and design
- Analysis of detailed spatial data
- CAD - drafting and planning
- Client liaison

Professional experience

- Pinion Advisory – Senior Consultant – Water Resources, May 2022-present
- Natural Resources and Environment Tasmania (NRE Tas) – Geodetic Surveyor, 2019-2022
- ACT Government (Office of the Surveyor-General) – Surveyor, 2018
- Steger Pty Ltd – Surveyor, 2016-2017
