

Isaac Probert

Graduate Engineer Water & Environment

CONTACT DETAILS

0487 093 421

Unit 2, Tech 4
30-38 Innovation Drive
Dowsing Point
Tasmania 7010

QUALIFICATIONS

- Bachelor of Engineering (Civil)(Hons)

PROFESSIONAL ASSOCIATIONS

- MIEAust

Having previously worked at the City of Launceston and IPD Consulting, Isaac joined Pinion Advisory in mid-2022, bringing experience with him from both the private and Local Government engineering sectors.

At the City of Launceston Isaac worked predominantly in a project engineering role, liaising between contractors and consults to cost, design and construct a varied range of projects. These included sports fields, bridges, recreation trails, playgrounds, roads, carparks, buildings and a landfill cell.

Isaac also worked in stormwater asset management, which included developing policy, urban watercourse restoration and inspecting and maintaining the city's flood levees.

As an undergraduate Isaac worked for IPD Consulting on a range of projects, including the Duck, North Esk and Southern Forest Irrigation schemes.

Areas of expertise

- Project engineering
- Asset management
- Contract management
