QUALIFICATIONS

- Bachelor of Science (Animal Science)

Chelsea is an Agribusiness Consultant for Pinion Advisory within the Commodity Risk Management Team.

Chelsea is a key member of the Commodity Risk Management Team, having completed the Pinion Advisory Graduate Program. Previous to that she gained experience in the livestock and wine industries. It is through these industries she developed great communication skills and a passion for agriculture.

Chelsea is excited to continue on her learning journey and increase her experience and knowledge in the grain industry.

Her skills include commodity risk management, farm business management and grain marketing.

She is passionate about working one on one with clients towards successful outcomes.

Areas of expertise

- Commodity risk management
- Farm business management
- Grain marketing
