## Emily Chambers

**Consultant  
Ag Production &  
Adoption**

### CONTACT DETAILS

0488 036 220

13 Hanson Street  
Freeling SA 5372

### QUALIFICATIONS

- Bachelor of Agricultural Science (The University of Adelaide)

Emily is an Agribusiness Consultant for Pinion Advisory within the Ag Production & Adoption Team. She is focused on technical agronomy for broadacre cropping farms, with an interest in farm business management tools to increase value for clients.

With an eagerness to learn, Emily looks forward to engaging with agronomy clients, gaining exposure to different farming systems and tackling seasonal challenges.

Emily is passionate about assisting people to make informed decisions to build a profitable and resilient farm business. She has a keen interest in wider industry involvement and collaboration to encourage shared learning.

### Areas of expertise

- Soil testing, interpretation and planning
- Agronomic technical advice
- Trial management and result interpretation
- Weed, pest and disease identification
- Project management
- Industry involvement and extension

### Professional experience

- Pinion Advisory – Agribusiness Consultant, 2026-present
- Pinion Advisory – Graduate Agribusiness Consultant, 2024-April 2026
- Pinion Advisory – Agronomy Intern and Soil Tester, 2022-2023
- Rabobank – Intern, 2023
- Project Officer – Ag Institute Australia, 2022-2023
- Viterra – Harvest Grain Classifier, 2020-2023
