

CAPABILITY STATEMENT

David McClure

Senior Environmental Consultant Planning & Environment

CONTACT DETAILS

0427 283 038

140 Pine Ave
Mildura VIC 3502

QUALIFICATIONS

- Master of Agriculture
- Bachelor Environmental Science (Hons)
- Diploma of Irrigation
- Diploma of Work Health and Safety

David is a Senior Environmental Consultant with over 20 years' experience in irrigated agriculture and natural resource management across NSW's Western Division and Riverina. He specialises in environmental policy, soil and contamination projects, and the development of Environmental and WHS Management Systems for corporate clients.

David has delivered major regional initiatives, including irrigation efficiency programs, farm reconfiguration projects and the Mallee Irrigation Regional Land and Water Management Plan. He provides expert advice on environmental approvals, undertakes research and investigations, and prepares detailed technical reports. His background also includes managing large-scale irrigated cropping operations and obtaining regulatory approvals for new developments.

Areas of expertise

- Contaminated site assessment
- New irrigation developments
- EPA approvals
- EPA registrations, permits and licences
- Waste categorization in VIC and NSW
- Site assessments according to NEPM ASC
- Land development and irrigation infrastructure approvals
- Environmental management plans and risk assessments

Professional experience

- Pinion Advisory – Senior Environmental Consultant – Planning and Environment, 2025-current
- James Golsworthy Consulting – Senior Environmental Consultant, 2022-2025
- Mallee CMA Salinity and Irrigation Unit – Project Manager, 2021-2022
- Webster Limited – Workplace Health and Safety Manager, 2015-2021
- Tandou Ltd – Environmental Manager/irrigation Agronomist, 1997-2015
