

CAPABILITY STATEMENT

Deborah Bogenhuber

**Lead Environmental
Consultant
Planning and
Environment**

CONTACT DETAILS

0433 003 742

140 Pine Ave
Mildura Vic 3502

QUALIFICATIONS

- Bachelor Science (Ecology)

Deb has lived and worked in the Murray Darling Basin for over 25 years, working in various roles within the government, philanthropy and business sectors.

Deb is an experienced ecologist with skills in research, reporting, communication and technical field work. Her ecological work has ranged from large-scale programs investigating ecosystem response to changed hydrological regimes, threatened species habitat surveys, and establishing wetland monitoring programs. More recently Deb has been involved in large biodiversity assessments in the Mallee region.

Deb is passionate about working with clients and teams to deliver projects that meet collaborative outcomes. Her work combines attention to detail, communication skills and a systems approach to understanding complex projects.
